VUSELELA TVET COLLEGE

ISSUE 18
JULY 2019

VUSELELA NEWS

THE SUCCESS STORY OF BRIDGETTE SEKHONYANA - FROM NC(V) TO CENTRAL UNIVERSITY OF TECHNOLOGY!

After matric I did not know where to start due to my results. Mathematics was a challenge to me and had led to my downfall of not getting University entrance. I enrolled at Vuselela TVET College with the desire to upgrade my matric. I was motivated by my mother to stand up and rebuild my future.

Primary Agriculture was my first option because of my background of being raised in rural area. I had developed an interest to learn more and engage myself in the field of agriculture. The 3 years that I have studied at Vuselela was gratefully funded by NSFAS.

The high standard of the agriculture theory was not easy. It required focus and hard work and most students failed, some dropped out and only those with determination were able to succeed. The field is very interesting if you have the passion for it and the practical experience was hands on. I did my practical training at the Thuto ya Setsaba farm situated in Meiringspark, plot 58. The activities included: cultivation practices, planting, poultry handling, harvesting and safety procedures. In the end I managed to be able to work on the farm and acquired a lot of practical experience which served as an advantage to my skills and knowledge. My determination and focus improved my academic level and I obtained top achiever certificate and was rewarded with R1 500. My former lecture Mr Letsapa – Plant production lecturer - motivated me to further my studies and advised me to enrol at Central University of Technology.

I did not use my matric results to apply at CUT but only used records from level 2 to 3 and current results I had for level 4 (June results) along with the supporting documentation. I have enrolled for NDip Agricultural Management. The course is over a duration of 3 years which has a curriculum of one year of practical work and 2 years' theory. I found it easy for me to adapt in this institution because of the foundation I got at Vuselela, and I obtained 17 distinctions from first to second year. I was funded by NSFAS for the first year and met the requirements to be funded by VC bursary thereafter.

I applied at Hygro-training college for an internship to complete my practical year. I was fortunate to be one of the students selected. I applied and was called for interview in Delmas, Mpumalanga province, and I was placed at Mbombela district in Mpumalanga at NST-Boerdery situated in Kiepersol region. This was for a duration of 6 months. I was working with bananas, macadamia and avocado for my practical experience which included:

- Planting and transplanting seedlings, harvesting, pruning and packaging.

I relocated to Thuto Ya Setsaba farm for Animal experience where I worked in Piggery enterprise for duration of 6-months. I obtained the skills and knowledge during my practical year of Tail docking, Castration, Dosing, Vaccination and maintaining piggery house. I am currently studying my final year and find it very challenging. I am majoring in Agricultural Management, Plant Production and Animal Production.

CERTIFICATE CEREMONY

On Thursday, 7 February 2019, the college held a certificate Ceremony resulting through a partnership with NARYSEC, a unit within the Department of Rural Development and Thuto Ya Setshaba.

THE AWARDING OF CERTIFICATES WAS AS FOLLOWS:

Clothing Manufacturing Level:
2 - 21 Learners
Animal Production Level 4:
63 Learners
Plant Production Level 4:
65 Learners

DEPARTMENT OF RURAL DEVELOPMENT: LIMPOPO PROVINCE

Meat Classification Level 4

Meat Classification Level 4 during their practical (workplace training) at Bokone Abattoir in Randlespark. Number of participants:

Plant Production Level 4

Leaners monitor and support the implementation of food safety and quality of their plants. They must demonstrate an undestanding on the importance of water quality to agriculture, be able to identify basic equuipment used and do soil preparation. Number of participants: 44

Fruit Packaging and Grading: Level 3

Workplace Training at The Dawn Farm in Limpopo. They had exposure to harvesting, cleaning and grading of mangoes and thereafter the correct packing into boxes.

Ms Boitumelo Ntsime with Fruit and Packaging learners. They gained exposure to grading and packaging of lettuce which was then delivered to Food Lovers Market in Klerksdorp.

DEPARTMENT OF RURAL DEVELOPMENT: LIMPOPO PROVINCE

Animal Production Level 4:

Learners were taught correct practices of disease prevention through demonstrations. Dosages of vaccinations were prepared and administered correctly and the correct vaccination procedures were demonstrated. Number of participants: 30

DIPLOMA AND CERTIFICATE CEREMONY

The annual Graduation Ceremony was held on 29 and 30 May 2019 at Mayfair Village.
The hall was full of excited parents and graduates. 496 students graduated with their N6 certificate, 67 qualified as Artisans, 151 with NC(V) and 258 as Diploma students.
The best N6 student was KJ Matlakala from Potchefstroom Campus with an average of 86%.

The best NC(V) student was also from Potchefstroom Campus – KB Ethusang with an average of 79%. Vuselela TVET College is proud of all the students who have worked so hard, sometimes under difficult circumstances, to achieve their goal.

The choirs from both Jouberton Campus (left) and Klerksdorp Campus (below) entertained the audience with their beautiful voices.

NEWS FROM THE EMIS OFFICE

Ms E Gopane and Ms R Dyman hard at work compiling the Timetables at Klerksdorp Campus.

Vuselela is making significant progress with regards to the capturing of student attendance on the College BMS system. Ms E Gopane has been working continually with all campuses to get the actual timetables loaded on the system that will enable campuses to capture the required data.
This is particularly important as problematic areas/trends can be identified and resolved sooner. It will also assist greatly in the reporting to DHET, NSFAS, Corporate Centre Management and Campus Management. Campuses are now in the process of capturing the backlog of data for 2019.
TVETMIS was introduced in 2015 to all TVET institutions, where all student, staff and financial data is reported to DHET in an electronic format, directly from our BMS system.
This process has had extensive growing pains in the past, but Vuselela has managed to overcome the majority of these problems through support from the system vendors, DHET and the persistent data cleaning and mapping by Ms N Tsolo from the EMIS unit.

Ms N Tsolo preparing for TVETMIS submission for June 2019.

SKILLS FOR EMPLOYABILITY

INTERNATIONAL SKILLS PARTNERSHIP (ISP) ADVANCED PROJECT

During the period 3 December – 7 December 2018, Ms Adri Mynhardt, Ms Tshireletso Matlawe (Vuselela) and Mr Dinake Mooketsi (Taletso) visited Northern Regional College.

T Matlawe, A Mynhardt and D Mooketsi

The five day visit was an opportunity to:

- Meet Tourism and Business staff to discuss course content and structure
- Meet Tourism and Business students and share experiences
- Experience Irish college facilities
- (Ballymena, Coleraine, and Newtownabbey)
- Attend a workshop on Employment in Golf Tourism hosted by Galgorm Resort and Spa
- The staff and students participated in a World Host workshop 'Service across Cultures hosted by Portstewart Golf Club
- Explore the North Antrim Coast and visit the Giant's Causeway
- Visit the Titanic museum in Belfast

Tshireletso at Giant's Causeway

Portstewart Golf Club

On the 31 January 2019 the Dissemination Event of the ISP Advanced Project took place. The highlights of the project were discussed during this event.

SGT Mabathoana, PD Lehoko, I Abraham, SS Musi, TM Ramphele and A Pitts

Tshireletso and Holly

The aim of the ISP Advanced project was to 'Strengthen our international partnership enhancing the student experience by providing additional opportunities to enhance working practices in the Northern Ireland, UK and the North West Province of South Africa.

For two students the opportunity to travel to South Africa and Northern Ireland respectively was truly a life changing experience.

An experience that will stay with them for many years. For Tshireletso Matlawe (SA student) this was the first time she had been on an aeroplane and had never before travelled outside of the North West Province.

For Holly Hume (NI student) this was her first time in South Africa and had never before travelled without her parents.

SKILLS FOR EMPLOYABILITY
INTERNATIONAL SKILLS PARTNERSHIP (ISP) ADVANCED PROJECT

The booklet: Integrating an International Skills Partnership was issued to attendees during the Dissemination Event.

"Bringing the Learning Home" (BTLH) annual International Skills Partnerships Conference took place from 5-7 February 2019 in False Bay College in Cape Town, South Africa.

A central focus of the event was to invite project partners to share their project outcomes and the knowledge gained since they became involved in the ISP projects.

During the Awards Dinner at the BTLH Conference, the British Council issued a Certificate of Appreciation to Vuselela TVET College in recognition of the College services in supporting international collaboration in TVET.

The International Skills Partnerships Projects can transform lives, organisations and communities. As Colleges we are thankful for the opportunities we had by taking part in the ISP projects. We are also thankful to the British Council who co-funded these projects through the Skills for Employability fund.

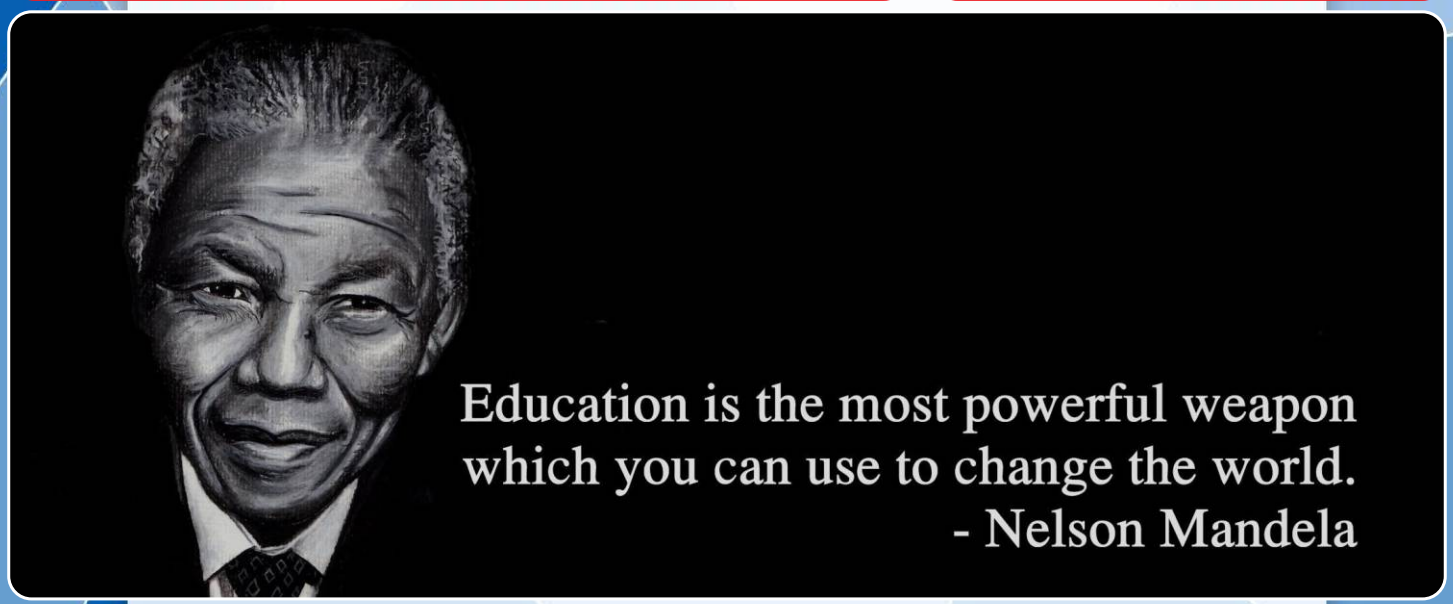

I Abraham, S Musi, A Pitts and A Baksh

NEWS FROM MATLOSANA CAMPUS

MESSAGE FROM THE ACTING CAMPUS MANAGER: MR H BENADE

As we enter the winter months and await the very low temperatures in our training centre, we are fortunate to experience an increase in the number of students. It is commonly “accepted” that the more bodies in any building will result in a rise in temperature.

The rise in student numbers has resulted in the planning and erection of an additional training centre. The new centre will be completed shortly and we would like to invite our new principal, Ms D P Lehoko to officially open the new training centre when completed.

With the increase in student numbers it does however also require additional Training Officers. It is the objective of the campus to train students,

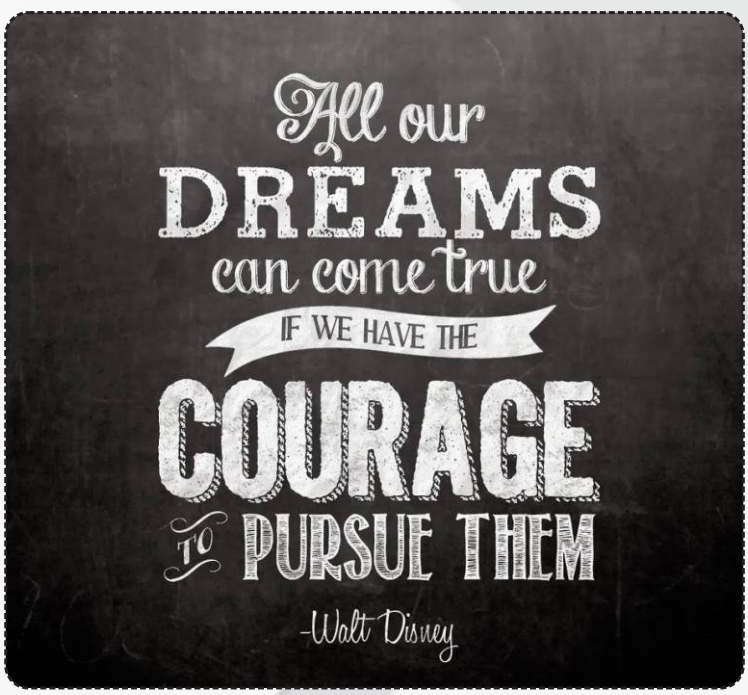

not only to pass a Trade Test but also to become an efficient workforce required to boost the economy of our country. It is however a daunting task to find a work place once they have qualified. It is encouraging to see how many companies are willing to take students for 'on the job' training where the practical side is demonstrated and explained. We wish all the staff of Vuselela the health and commitment to complete the second half of the year and to train our students to the best of our ability.

Matlosana campus received apprentice student from Jouberton Campus for the theory of Bricklaying, it is 3 years training for Centre of Specialisation funded by (DHET)

In Memoriam

We are deeply saddened by the loss of our Mechanical Fitter student, Mr GTI Botshelo. He was doing his practical training at Tiger Brand in Gauteng. Staff members, students and family members had the opportunity to bid him farewell at a memorial service that was held in the campus hall on Thursday, 3 January 2019.

He was laid to rest in Matsheng Taung.

He will be missed by students, friends and family.

May his soul rest in peace.

NEWS FROM POTCHEFSTROOM CAMPUS

MESSAGE FROM THE CAMPUS MANAGER: MS N MOFULATSI

"Nothing is impossible in this world. Firm determination, it is said, can move heaven and earth. Things appear far beyond one's power- because one cannot set his heart on any arduous project due to want of strong will." -Yamamoto Tsunetomo. There is nothing as heart-warming as realising the goals you have set yourself at the beginning of the year.

In 2018, we made a commitment as a campus to improve our academic results, especially in NC (V) and R191 Engineering Studies.

Congratulations to all our students who did well in their 2018 national examinations. You did not disappoint! You kept your dreams alive, understanding that the only way to achieve your goals required belief in yourself, hard work, determination, dedication and discipline.

The R191 Engineering Studies continued showing good performance by ensuring that Potchefstroom Campus becomes the best performing campus in the first trimester of 2019. It was not easy, but through your commitment you managed to achieve good results. You have clearly shown us that you are capable of doing amazing things. Keep up the good work. Up is where we are going…

I will be failing in my duty if I do not convey words of gratitude to the lecturers and support staff. Our students need you not only to teach them to be certificated but also to offer them the moral support they so desperately need to achieve their goals.

Mr Letshabo and Mrs Tyatya with the Tourism Students at Potchefstroom Dam. They are preparing for a Media Statement Session before departing to the 2019 Durban Tourism Indaba.

Remember, "no individual can win a game by himself." -Pele.

"Collaboration allows teachers to capture each other's fund of collective intelligence."- Mike Schmoker

More appreciation goes to the Department of Higher Education and Training (DHET) as they increase the number of partnerships with different organisations and institutions to ensure that our students get opportunities for work-based exposure.

It is through those partnerships that on 28 May 2019 we as a campus bid farewell to one of our Civil Engineering students, Phuti Johanna Chokoe who jetted off to China on a 12 month long internship. Phuti is living proof that gone are the days when careers in Engineering were pursued by males only. Thanks to the new dispensation she is an inspiration to the young women who are still not confident enough to pursue a career in Engineering.

Keleabetswe Mokae one of our Business Studies students is placed at Clicks Pharmacy in Potchefstroom for her internship. This was made possible by the partnership the DHET has established with Clicks Pharmacy.

As a country we all need to prepare our youth for the 4th industrial revolution. It is for this reason we need to remember that the future of the world is in our classrooms. What we do now and how we teach our youth very important.

Let us all work together for improved results in 2019.

"Unity is strength… when there is teamwork and collaboration, wonderful things can be achieved" Mattie Stepanek.

Mr E Kalanko and The E-Learning team busy with Program Development during the open learning training in Rustenburg. The workshop was organised by DHET. The purpose of the training is to assist TVET Colleges to transform teaching and learning by applying emerging technologies to increase student success, improve learning productivity and lower barriers to access.

NEWS FROM POTCHEFSTROOM CAMPUS

Vuselela TVET College Tourism N6 students attended the Africa's Travel Indaba in Durban from 2 May till 4 May 2019, with the tourism lecturer Mrs K Tyatya.
We interacted with various business owners and gained a lot of business insight and experience. The event went very well and students received learner ships and job promises. We learnt a lot from the people in the tourism industry. One of the students, T Seleke says the feeling of being a part of the tourism industry was extraordinary and motivational.

Pre Learning Programme Student's performance in the First Module. Mr Sekute is the Lecturer for Mathematics and Science.
The following students performed excellently in the following subjects:
1. Mothobi TO with 82% in Mathematics Module 1
2. Mogakabe M with 79% in Mathematics Module 1
3. Ntaote K with 78% in Science Module 1
4. Matthyse LE with 75% in Science Module 1

Mr Motshoaedi is also one of the Lecturers for PLP, giving English and Life Skills and Mr Kalanko is the Senior Lecturer.

Mr T Ndlovu delivering Eulogy to the masses during Memorial Service of our Engineering Student, Mpho Senna who tragically lost his life due to an accident.

Potchefstroom Campus attended a sports day at the Agricultural College on 8 June 2019 and came out as the winners, against Taung and Klerksdorp Campuses. Our team was led by Neo Ramatsai, as Captain.

Student KJ Matlakala is the top achiever in the Vuselela TVET College Management Assistant Studies. Her performance has been consistent from N4 up to N6. Her average for the full time of her studies is 86%. She attributed her achievement to discipline, hard work and commitment to her studies.

NEW INTERNS AT THE POTCHEFSTROOM CAMPUS

NEWS FROM KLERKSDORP CAMPUS

LSS - ICASS TRAINING

Mrs C Sebolai has been appointed as the College LSS facilitator's which includes in her role is to prepare, manage and facilitate the LSS Support Package. From 4-5 February 2019 she conducted the LSS (Lecturer Support System) ICASS training for lecturers in the campus staffroom. This is an innovative approach implemented by the Department of Higher Education and Training for lecturer training through the Lecturer Support System. LSS further implies a shared responsibility between the Department and Colleges for lecturer support and updating of skills.

On Wednesday, 6 February 2019 she conducted an LSS Pre - Vocational Learning Programme (PLP) Training to the newly appointed lecturers of Vuselela TVET College. The PLP is a Pre vocational learning program, abridging course for lecturers teaching specifically level 2, to better understand the PLP rationale, concept and design of the PLP.

STATE OF THE PROVINCE ADDRESS (SOPA)

On Friday the 13th of February 2019 Public Management N6 students were honoured with an invite from the Office of the North West Premier, to attend the opening of the Provincial Legislature known as the SOPA, which was held at Mmabatho Stadium in Mahikeng.

Students were accompanied by their lecturers, Miss K Serebolo (Public Administration) and Mr E Mogwera (Public Finance). It was such a pleasant experience for students as they had some time to mingle with some of the Provincial MP's. They were honoured with the presence of the Premier Prof Job Mokgoro, the Provincial Legislature speaker Hon S Dantjie, and the Minister of Public Enterprises, Hon Pravin Gordan

EDUCATIONAL VISIT TO VILJOENSKROON

ANIMAL NUTRITIONAL AND FEED COMPONENTS

On Friday, 9 May 2019 the level 4 Primary Agriculture students visited the Allen Brothers Animal Feed Manufacturer in Viljoenskroon. Students were shown around the factory, receiving explanation on how different animal feeds are manufactured (eg: poultry feeds - pellets and crumbles) for different growth stages e.g.: (starter, grower, finisher and post finisher) and for pig feeds for the different phases of pig breeding. Students were privileged to learn about the sources of those feeds e.g.: maize bran for carbohydrates, soya bean meal for protein content and the essential amino acids needed to be provided to poultry via feed

EDUCATIONAL VIST TO JOHANNESBURG

On Friday, 26 April 2019, a day before freedom day, Miss K Serebolo and Mr E Mogwera accompanied the N6 Public Management students to Johannesburg. Since April has been marked as a freedom month in South Africa these lecturers realised the importance of taking the students on this trip so that they can learn more about the history of our country.

On arrival, the first destination was to the **National Apartheid Museum** which is situated very close to the well-known Gold reef City. Students and lecturers took more than an hour walk around the museum to learn about apartheid and the current situation in our country. This is very beneficial and informative for every South African. It was very interesting as most of the history is aligned to some of the topics that students learn in class.

The second destination was **Soweto, Orlando-West,** to the International recognised **Vilakazi Street. S**tudents were given a tour with one of the guides who also gave them a bit of history on the late Former **President Nelson Rholihlahla Mandela**.

The third and last destination was to the **Hector Peterson Museum** where students learned a lot about Youth day (16 June) and how student movements started in Schools, Colleges and Universities around the country. It

was such an educational and informative trip that these students expressed their gratitude for being given such a pleasant opportunity. Lecturers are looking forward to more educational trips in future as they encourage students to show more interest in the classroom in their respective subjects.

EDUCATIONAL VISIT TO POTCHEFSTROOM AGRICULTURAL COLLEGE

On Thursday, 30 May 2019, the Level Primary agriculture students visited the Potchefstroom Agriculture College Dairy Parlour for a demonstration on artificial insemination, conditional scoring and dairy production. This forms a part of the three fields necessary. They were also instructed on dairy parlour Management.

First they were taken around the dairy facilities. They were shown milking machines, the components and operational procedures measures to be taken and how milk is stored. They were taught in practical on how the artificial insemination is done (mostly to dairy cows) Artificial insemination is a complicated and precise process and the procedure must only be conducted by someone with proper experience.

CALIBRATION OF A FERTILISER SPREADER AND A BOOM SPRAYER

Students were taught about calibration of a fertiliser spreader. This is so that when applying fertiliser they will not over or under supply. This could cost the farm unnecessarily.
They were taught the importance of understanding the quantity to apply. This is calculated by measuring the area to be applied and the quantity the applicator can hold, including the calibration of a boom sprayer.

NAMPO HARVEST DAY

On Friday, 17 May the L4 Primary Agriculture students visited Nampo Harvest Festival as part of learning exposure in the Agriculture sector. This sectors includes animal production, plant production - Agricultural Engineering, and agricultural output processing - Agricultural Machinery Agro - processing units.

SUBSTANCE ABUSE AWARENESS

On Thursday, 2 May 2019 the SANPARK Rehabilitation Centre in conjunction with the NCV level 2 Life Orientation lecturers addressed the students on the dangers of drug and substance abuse.
Ms Naledi Matshediso (Social Worker) displayed a presentation to the NCV Level 2 students that contained information on the dangers of substance abuse and the negative reality and implications of smoking HOOKAH pipe. The aim of the session was to create awareness amongst the students and equip them with the knowledge on drugs and alcohol as part of Life Orientation Curriculum. The presentation was divided into different sessions in order to accommodate 200 learners.
Prevention is better than cure and we believe that sharing information will encourage our students to reach out to those that were not privileged to attend the session. Mrs de Beer thanked the Life Orientation lecturers for delivering the Curriculum in such a way that it makes a difference in the students' lives.

STAFF ACHIEVEMENT

Klerksdorp staff members would like to congratulate Ms Sylvia Nyamathe, a Primary Agriculture Plant Production lecturer for her achievement. She obtained a Degree of B TECH: Agricultural Management at Free State Central University of Technology. Ms Nyamathe set a great example for her department for making education her top priority.

TOP ACHIEVERS' FUNCTION

On Friday 10 May 2019, the Campus held the annual Top Achievers Function in the staff room. The top three achievers of each programme in NC(V) Level 2 and 3 and in Report 191, N4 and N5 were awarded certificates of performance and badges for acknowledgement of their hard work. 47 recipients were invited to this function.
The function started at 10:00 and Mr L Jantjies opened the function with an inspiring message. Mrs de Beer, the campus manager, welcomed all present and gave a motivational message to the guests.
Mrs R Dyman a Report 191, HOD, Mrs C Sebolai, NCV, HOD and Mrs S Nkoe, Part-time HOD presented the awards to the students.
The two top awards were in Report 191, E Booysen - N4 Business Management and for NCV, TP Mosina - Office Administration level 2. They were each awarded with a trophy for the best overall performance in their respective programme levels.
The SRC chairperson was given a chance to say a word of thanks and congratulated the students on their great performance.
The students felt honoured and enjoyed refreshments with their classmates, parents and lecturers to celebrate this memorable day.

ADVANCED EXCEL TRAINING

Klerksdorp IT Interns assisting staff with practical exercises during training session

The need for advanced Excel skills has been identified on various platforms, especially from Student Support Section handling NSFAS submissions.

On 7 and 9 May 2019, through the Training Committee, an Advanced Excel course was presented. Mrs Elsabé de Beer designed and presented the course. 25 staff members attended this tough 2-day course. Although the contents were complex at times all the attendees managed to complete all the tasks. The course was designed to fit the demands of the TVET sector and everybody agreed that they gained knowledge and skills that can be applied in their day-to-day work.

Mrs de Beer conducting the training for College staff

KLERKSDORP STAFF DURING CELEBRATIONS OF NOVEMBER 2018 ACADEMIC EXCELLENCE RESULTS

On Friday, 25 January 2019 Klerksdorp Campus awarded full-time as well as part-time lecturers on their performance during the November 2018 exam. The theme for the day was black-and-white.
Criteria were developed and applied with regards to number of students in group, throughput and retention rate as well as pass rate.
The programme was opened with Scripture reading by Mr Jantjies. A congratulatory message was delivered by the Campus Manager, Mrs de Beer and all staff members were introduced to the new students.
The award of certificates was celebrated by students and staff alike! Mr Ngcobo was there to present some certificates, and he also brought forward a message of support and congratulations to the staff.
May occasions like this encourage lecturers to keep up the great performance!

STAFF EXCELLENCE AWARDS

Mrs E De Beer Presented Award Certificate of Excellence to Mrs R Langenhoven

Mr Ngobo presented the Certificate of Excellence to Mr E Mogwera

NEWS FROM JOUBERTON CAMPUS

CENTRE OF SPECIALISATION

Mr TS Masemola
Campus Manager

At the beginning of the 2019 Academic Year the Jouberton Campus manager, Mr TS Masemola, welcomed all staff members and introduced the new staff members, who will be giving lectures, in both CoS and PLP. He challenged all staff members to achieve a fruitful 2019, where our Campus was challenged to reclaim their Top Position in the College, not only in Academic performance, but also in Extra Curricula Activities. He cited the examples of Sports and the Mandela Quiz. In the Mandela Quiz competition, our Campus ended third, out of 6 Regional Colleges, in the Mpumalanga/ North West Regional Finals, and he wishes for Position 1, in 2019.

He further encouraged the staff to work as a team, to ensure that we prepare our students for the Digital future, looking at the 4IR, Fourth Industrial Revolution. Through the different HOD`s, the staff members made a commitment that they would do as requested, and asked the CMT to ensure that all equipment and consumables are procured and delivered on time so that they in turn can strive to take the Campus back to its position in the College, the Top Performing and Admired Campus in Vuselela.

Mr Mpho Mashome
CoS Facilitator

Ms Chethiwe Mohlaphi
CoS Administrator

Mr David Mathole
CoS Facilitator

The Centre of Specialisation project has been launched across the country at 26 TVET Colleges, and Vuselela TVET College, Jouberton Campus, as well as Orbit TVET College, are the selected institutions in North West. The purpose of the CoS Programme is to develop the capacity of TVET colleges to deliver 13 QCTO trade qualifications in partnership with employers using the dual system methodology, of which the focus now is on Civil Engineering. This system consists of theory and practical training in partnership with the appropriate industries that will provide further on-the-job training.

This programme will run over a period of three years with an initial group of 30 learner apprentices who went through a selection process conducted by three employers namely, Africa Skills Village, Kea Dira Construction and Mosadikago Trading. In 2021 the learner apprentices will complete an External Integrated Summative Task (trade test). The CoS team comprises of the Project Manager, Mr Jacob Ramagogodi; Project Coordinator, Mrs Kgomotso Ratema; facilitators Mr Mpho Mashome and Mr David Mathole; administrator Ms Chethiwe Mohlaphi. The campus welcomes the new members in its fold, as facilitators. We wish them all the best in skilling youth in Civil.

NEWS FROM TAUNG CAMPUS

PAT ASSESSMENT FOR HOSPITALITY LEVEL 3 STUDENTS

On 16 May 2019 Hospitality L3 Students were given a hospitality services task to promote, sell and serve takeaways to customers. Staff members supported students by buying from them and the task was completed successfully.

MR & MISS VUSELELA TVET COLLEGE TAUNG CAMPUS

Mr KM Dioka and Ms L. Montshabatho were crowned Mr and Miss Vuselela Taung Campus.
1st Princess O Moshwetsi and 2nd Princess – K. Mabilo. 1St Prince K. Keolatotswe and 2nd Prince – T. Moleboge
Congratulations to them all!

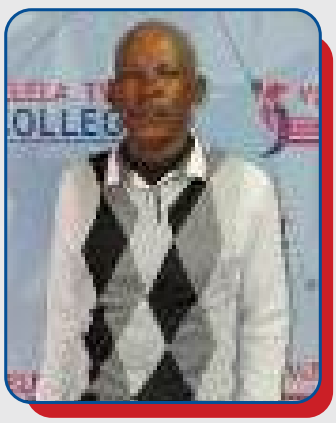

On 17 May 2019 Mr and Miss Vuselela TVET Taung Campus Beauty Pageant took place in the Taung Campus main hall. The event was organised by the Student Support Social and CSRC. All students attended the event and it was successful.

NEWS FROM TAUNG CAMPUS

LONG SERVICE AWARDS

On 29 May 2019 our 4 staff members received their long service awards. Taung Campus would like to thank them for their dedicated service for so many years!

CAMPUS HOSTED A SECRETARIAL DAY

Ms Tsholofelo Lebona received the award for good performance in communication, good presentation and the Secretary of the year.

On the 14 April 2019 Management Assistant students at Vuselela TVET College, Taung Campus, were happy when they hosted a very successful secretarial day.
The main purpose of the day was to empower and encourage Management Assistant students . Certificates of excellence, awards, and prizes were given to various students for good performance in class, spelling competition and presentation communication.

"Every great dream begins with a dreamer. Always remember, you have within you the strength, the patience and the passion to reach for the stars to change the world."

NEWS FROM TAUNG CAMPUS

NEW APPOINTMENTS

Two staff members were appointed as Support staff at Taung Campus. Ms Tshipo and Mr Nxumalo

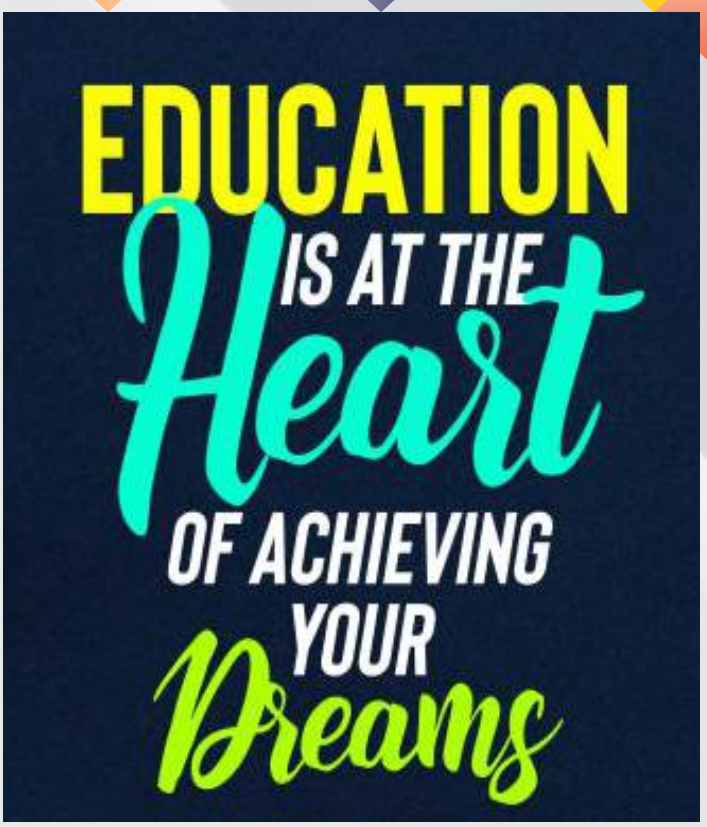

Mr Siyaboga Nkutha was appointed as support staff and placed at the main kitchen.

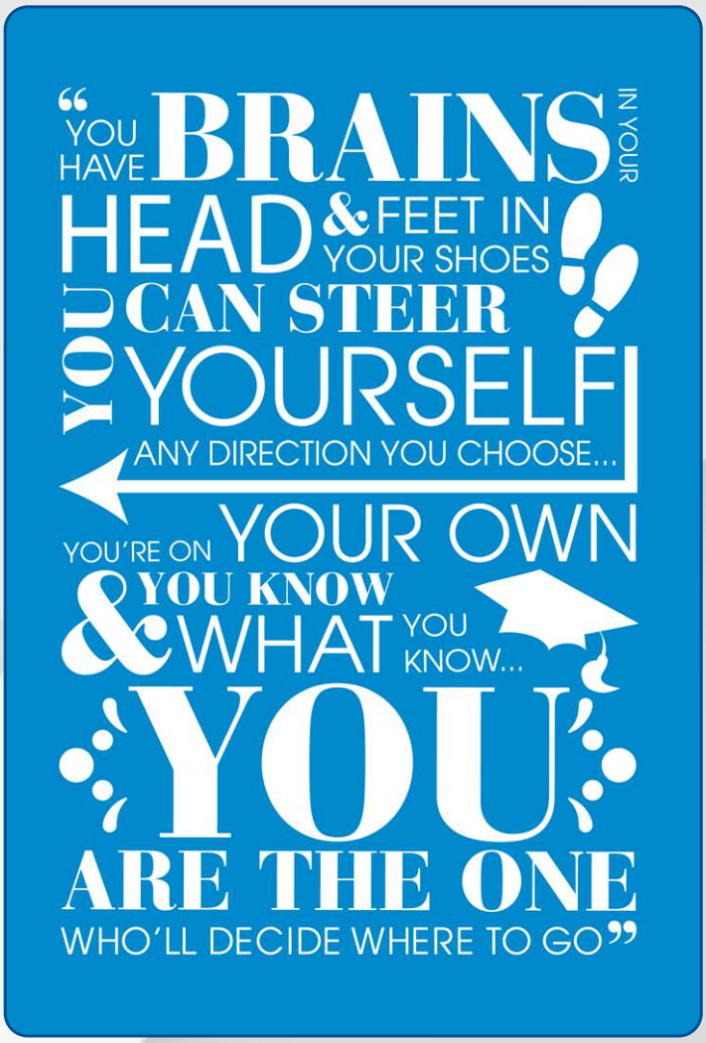

Ms Kgadubane was appointed as the HOD Engineering Studies.

Interns at the campus: Ms Mompati placed at the administration, Ms Thue placed at Human Resource Department and Ms Moretloe and Ms Motaung placed at Student Support division as Career Development Officers.

NEWS FROM TAUNG CAMPUS

BSI AUDIT

Taung Campus had a BSI Audit on 17 July 2019 where the Hospitality students prepared a lovely home cooked meal for the guests. Mr Viljoen mentioned a special word of thanks for the delicious meal provided. We are proud of our dedicated students and staff!

The campus was audited by Mr Viljoen, Mr Pule, Ms Mofetole and Mr van der Merwe

PAT COCKTAILS HOSPITALITY LEVEL 4

Hospitality L4 had to prepare certain cocktail recipes for their PAT and they invited staff to *do some tasting!*
